ANSWERS TO QUESTIONS RECEIVED

1. On page 21 of the original solicitation document, evaluation criteria is itemized in a chart. The third criteria for evaluation is “Approach and Delivery of Services.” However, in section 5, “Submittal Requirements”, a project approach is not listed as one of the required deliverables for a response. Does the City want Consultants to respond with a project approach? If so, which section of consultant responses should it be included in? **Section 5 requires your firm’s business structure. This is an additional requirement to ensure your firm has the staffing to complete services. Please delineate same.**
2. Does the City require ANY Standard Form 330 documents, or can all requested information be provided in another manner? **Standard Form 330 documents are not required.**
3. Does the City have a M/WBE goal? **Not at this time**
