2. that the business has been in business for a minimum of five (5) years; and

- A. Determination of a lack of competency as may be revealed by qualification statements, financial statements, experience records or other information disclosed to the Community Redevelopment Agency by other sources. To be considered competent, the Bidder (and its subcontractors) must document that they have participated in at least five (5) similar projects on roadway extension projects in the last five (5) years. If the Community Redevelopment Agency determines that the Contract, required bonds or any other requested items are not properly executed, completed or provided, the Community Redevelopment Agency shall notify Contractor of such deficiency, after which Contractor shall have seven (7) calendar days to cure such deficiency. Failure to cure such deficiencies will also be deemed a breach of the Contract by the Community Redevelopment Agency, and may result in retention of Bid Security Bond and result in the Community Redevelopment Agency's cancellation of the award of the Contract.

28.3 The Community Redevelopment Agency reserves the right to hold all submitted Bids and bid guarantees for a period not to exceed sixty (60) days after the date of bid opening as stated in the Notice to Bidders.

28.4 In no case will the Bid award be made until all necessary investigations, if determined to be necessary, have been made into the responsibility of the low responsive and responsible bidder selected by the Community Redevelopment Agency, and it is satisfied that the Bidder is qualified to do the Work and has the necessary organization, capital and equipment to carry out the provisions of the Contract within the time specified.

ARTICLE 29.0 **BID PROTEST PROCEDURE**

29.1 After a Notice of Intent to Award a Contract is posted, any actual or prospective Bidder claiming to be aggrieved in connection with the pending award of the Contract, or any element of the process leading to the award of the Contract may protest to Jeremy Earle, Executive Director of the Community Redevelopment Agency. A protest must be filed by 5:00 PM on the third Business Day after posting of the Notice of Award (excluding the day that the Notice is posted) or any right to protest is forfeited. The protest must be in writing, must identify the name and address of the protester, and must include a factual summary of, and the basis for the protest. Filing shall be considered complete when the protest and a Bid Protest Bond are timely received at the CRA Secretary's Office.

29.2 A Bid Protest Bond shall accompany the protest, to compensate the CRA for the expenses of administering the protest. If the protest is decided in the protester's favor, the entire deposit shall be returned to the protester. If the protest is not decided in the protester's favor, the deposit shall be retained by the City Clerk. The deposit shall be in the form of cash or a cashier's check, and shall be the one percent (1%) of the amount of the pending award or five thousand (\$5,000.00) dollars, whichever is less.

29.3 Protest Committee: The Protest Committee shall have the authority to review, settle and resolve all bid protests.

29.4 If the Protest Committee determines that the pending award of a contract or any element of the process leading to the award involved a significant violation of law or applicable rule or regulation, all steps necessary and proper to correct the violation shall be taken. If the Committee determines that the protest has merit, the Executive Director of the Community Redevelopment Agency shall direct that all appropriate steps be taken to remedy it.

29.5 In the event of a timely protest, the Community Redevelopment Agency's Executive Director shall stay the award of the contract unless after consulting with the City Attorney and a representative from the City Department for which the services are being obtained, the Community Redevelopment Agency's Executive Director determines that the award of the contract without delay is necessary to protect the substantial interests of the Community Redevelopment Agency. The continuation of the bid award process under these circumstances shall not preempt or otherwise affect the protest.

ARTICLE 30.0 **SECURITY**

30.1 Bid Security Bond: Simultaneously with the delivery of an executed Bid to the Community Redevelopment Agency's Secretary, when required, the Bidder shall furnish to it a Bid Security Bond equal to five percent (5%) of the amount specified in the Bid as security for the faithful execution of a Contract with the Community Redevelopment Agency in the event of a bid award.

30.2 Bid security may be in the form of a cashier's check payable to the Dania Beach Community Redevelopment Agency and drawn on a Florida bank, or a Bid Bond issued by a surety meeting the qualifications stated in these Instructions to Bidders. Bonds shall be submitted on the forms provided by the Community Redevelopment Agency. Bonds shall be returned subsequent to an award of the Contract by the Community Redevelopment Agency.

30.3 Failure of the successful Bidder to execute a Contract, to furnish Performance, Payment and Warranty Bonds when required, and to furnish Certificates of Insurance in the minimum amounts specified in the Bid, shall be just cause for the rescission of the award and the retention of the Bid Security Bond by the Community Redevelopment Agency. Such retention shall be considered not as a penalty, but as liquidation of the claims of the Community Redevelopment Agency for damages it sustained, which are not otherwise readily ascertainable. Award may then be made to the next ranked Bidder, or all Bids may be rejected.

30.4 Performance Bond and Payment Bond: Simultaneously with the delivery of the executed Contract to the Community Redevelopment Agency, the Contractor shall furnish an executed Performance and Payment Bond in an amount equal to one hundred percent (100%) of the Contract value, or other acceptable security as otherwise permitted in Section 255.05, Florida Statutes, as security for the faithful performance of the Contract and for the payment of all persons performing labor, furnishing materials or both in connection with the Project. Bonds shall be submitted on the forms provided by the Community Redevelopment Agency. The condition of the obligations is such that, if the Contractor shall promptly and faithfully perform the Contract, make payments to all claimants for all labor and material used or reasonably

required for use in the performance of the Contract, and shall fully indemnify and save harmless the Community Redevelopment Agency, the City of Dania Beach, Florida, and their officers, employees and agents for all costs and damages it may suffer by reason of failure to do so, then the bond obligation shall be null and void; otherwise, it shall remain in full force and effect.

30.5 Warranty Bond: The Contractor shall furnish a Warranty Bond in the amount of ten percent (10%) of the actual cost of the Work, upon acceptance of the Work by the Community Redevelopment Agency and the City of Dania Beach. Such Bond shall be submitted on the form, Document 00910, contained in the Bid Documents.

30.6 Qualifications of Surety: Surety companies issuing Bid Security Bonds, Performance Bonds, Payment Bonds and Warranty Bonds shall fulfill each of the following provisions, and the Bidder shall provide evidence to document such fulfillment:

- A. The surety company is licensed to do business in the State of Florida.
- B. The surety company holds a currently valid certificate of authority authorizing it to write surety bonds in the State of Florida.
- C. The surety company has twice the minimum surplus and capital required by the Florida Insurance Code at the time the invitation to bid is issued.
- D. The surety company is otherwise in compliance with the provisions of the Florida Insurance Code.
- E. The surety company holds a currently valid certificate of authority issued by the United States Department of the Treasury under 31 U.S.C. § 9304-9308.
- F. Each bond shall contain all provisions required by § 255.05, Florida Statutes, as it may be amended from time to time.
- G. Each bond shall be issued by a Florida resident agent.
- H. Qualifications: As to companies being rated acceptable:

The Bid Security Bond, Performance Bond, Payment Bond and Warranty Bond must be executed by a Surety Company of recognized standing, authorized to do business in the State of Florida and having been in business with a record of successful continuous operation for at least five (5) years.

In addition to the above minimum qualifications, the Surety Company must meet the following additional qualifications.

The Surety Company shall have at least the following minimum ratings:

Amount of Bond	Policyholder's Rating	Financial Size Category
under \$2,000,000.00	A-	Class VI or higher
\$2,000,000.00 and over	A	Class VII or higher

All Surety Companies are subject to review and approval by the Community Redevelopment Agency and the City of Dania Beach, and may be rejected without cause. All bonds signed by an Agency must be accompanied by a Certificate of Authority to act.

When the contract amount of the Project does not exceed \$500,000.00, surety companies issuing Bid Security Bonds, Performance Bonds, Payment Bonds and Warranty Bonds shall fulfill each of the following provisions, and the Bidder shall provide evidence to document such fulfillment:

- A. The surety company is licensed to do business in the State of Florida.
- B. The surety company holds a current and valid certificate of authority authorizing it to write surety bonds in the State of Florida.
- C. The surety company has twice the minimum surplus and capital required by the Florida Insurance Code at the time the invitation to bid is issued.
- D. The surety company is otherwise in compliance with the provisions of the Florida Insurance Code.
- E. The surety company holds a current and valid certificate of authority issued by the United States Department of the Treasury under 31 U.S.C. ss. 9304-9308.

30.7 Duration of Bonds: Performance Bonds and Payment Bonds shall remain in force and effect until acceptance of Work; however, if the Contract is terminated, they shall remain in force for one (1) year from the date of termination of the Contract as protection to the Community Redevelopment Agency and the City of Dania Beach against losses resulting from latent defects in materials or improper performance of Work under the Contract that may appear or be discovered during that period. Warranty Bonds shall remain in force for one (1) year from the date of acceptance of the Work.

30.8 Non-compliance: Contractor's failure to deliver any executed Bid Security Bond, Performance Bond, Payment Bond and Warranty Bond in a form acceptable to the Community Redevelopment Agency and the City of Dania Beach, shall constitute a material breach of the Contract and shall relieve the Contractor of all payment obligations, until such bonds are provided, and the Contractor's failure to do so shall result in the Community Redevelopment Agency's retention of any and all bid securities.

ARTICLE 31.0
INSURANCE

31.1 The Contractor shall not commence Work under this Agreement until Contractor has obtained all insurance required under Article (“Coverage”) and such Coverage has been approved by the City’s Risk Manager. The Contractor shall not allow any Subcontractor to commence Work on any subcontract until the Subcontractor, as provided in this Agreement and all Coverage required of any Subcontractor, have been approved by or on behalf of the Community Redevelopment Agency and the City of Dania Beach. In addition, Contractor shall be responsible for any policy deductibles and self-insured retentions.

31.2 Contractor shall file Certificates of Insurance with the City Clerk, reflecting evidence of the Coverage. **All certificates must clearly identify the contract to which they pertain, including a brief description of the subject matter of the contract.** They shall be filed with the City Risk Manager within fourteen (14) days of the date first above written. These certificates shall contain a provision that Coverage afforded under these policies will not be canceled until at least thirty (30) days’ prior written notice has been given to the Community Redevelopment Agency and the City of Dania Beach. Policies for Coverage shall be issued by companies authorized to do business under the laws of the State of Florida, and any such companies’ financial ratings must be no less than A-VII in the latest edition of the “BEST’S KEY RATING GUIDE”, published by A.M. Best Guide.

31.3 Coverage shall be in force until all Work required to be performed under the terms of the Agreement is satisfactorily completed as evidenced by the formal acceptance by the Community Redevelopment Agency and the City of Dania Beach. In the event insurance certificates provided to the Community Redevelopment Agency and the City of Dania Beach indicate that the insurance shall terminate and lapse during the period of this Agreement, then in that event, the Contractor shall furnish, at least thirty (30) days prior to the expiration of the date of such insurance, a renewed certificate of insurance as proof that equal and like Coverage for the balance of the period of the Agreement and any extension of it is in effect. **THE CONTRACTOR AND ANY SUBCONTRACTOR SHALL NOT PERFORM OR CONTINUE TO WORK PURSUANT TO THE AGREEMENT, UNLESS ALL COVERAGE REMAINS IN FULL FORCE AND EFFECT, SUCH DELAY BEING SUBJECT TO ANY APPLICABLE PROVISIONS DESCRIBED IN THE AGREEMENT.**

31.4 REQUIRED INSURANCE COVERAGE.

31.4.1 General Liability Insurance is to include bodily injury, broad form property damage, products and completed operations, blanket contractual liability with limits of no less than One Million Dollars (\$1,000,000.00) per occurrence and Two Million Dollars (\$2,000,000.00) annual aggregate. The City of Dania Beach, Florida, shall be an additional “named” insured under the policy, and the City of Dania Beach shall be provided a Certificate of Insurance evidencing coverage, and named insured status on the policy.

31.4.2 Workers' Compensation insurance shall be maintained by Contractor during the life of the Contract to comply with the statutory limits for all employees, and in the case any work is sublet as otherwise addressed in the Contract, the Contractor shall require any subcontractors similarly to provide Workers' Compensation Insurance for all of the latter's employees, unless such employees are covered by the protection afforded by the Contractor. The Contractor and its subcontractors shall maintain during the life of this policy statutory limits Part A, and One Million Dollars (\$1,000,000.00) employers' liability limits Part B. Contractor and all subcontractors must furnish Certificates of Insurance evidencing the coverage prior to commencement of the Work.

31.4.3 Comprehensive Auto Liability insurance shall be maintained with combined single limits of no less than One Million Dollars (\$1,000,000.00), and to include coverage for owned, hired, and non-owned vehicles. The City shall be an addition "named" insured under the policy and the City of Dania Beach shall be provided a Certificate of Insurance evidencing coverage, and named insured status on the policy.

31.4.4 The Contractor shall hold the Community Redevelopment Agency and the City of Dania Beach, their agents and employees, harmless on account of claims for damages to persons, property or premises arising out of the operations to complete the Project. The Community Redevelopment Agency and the City of Dania Beach reserve the right to require Contractor to provide and pay for any other insurance coverage the City deems necessary, depending upon the possible exposure to liability. The name of the Project **MUST** be indicated on all Certificates of Insurance.

31.5 Insurance Agent Statement: The Bidder shall submit the Insurance Agent Statement as described below.

ARTICLE 32.0 **DETERMINATION OF APPARENT LOW BIDDER**

32.1 Subsequent to the submission of Bids, the Community Redevelopment Agency committee shall determine the Bidder that the committee believes to be the lowest responsive/responsible Bidder (the "Apparent Low Bidder") or the most qualified Bidder. Upon such determination, the Community Redevelopment Agency's Clerk shall provide the Apparent Low Bidder in writing a "Notice of Apparent Low Bidder." Such Notice shall provide that the Insurance Agent Statement must be submitted to the Community Redevelopment Agency by 5:00 pm on the third (3) Business Day after the date of the Notice (excluding the day that the Notice is sent). If the Insurance Agent Statement is not submitted by such time, the Community Redevelopment Agency and the CRA Secretary may retain the Bid Bond.

END OF INSTRUCTION TO BIDDERS

EXHIBIT “A”
CITY OF DANIA BEACH PREVAILING WAGES ORDINANCE, SECTION 8-141

Sec. 8-141. Rate of wages, fringe benefits on city construction contracts.

(a) *Establishment of minimum wages.* Every construction contract in excess of fifty thousand dollars (\$50,000.00) to which Dania Beach is a party shall include a provision that the rate of wages and fringe benefits, or cash equivalent, for all laborers, mechanics and apprentices and similar jobs (i.e., non-office), listed by the department of labor, employment standards administration, wage and hour division and employed by any contractor or subcontractor on the work covered by the contract shall not be less than the prevailing rate of wages and fringe benefit payments or cash equivalent for similar skills or classifications of work as established by the general wage determinations issued under the Davis-Bacon and Related Acts, U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, for Broward County, Florida.

(b) *Implementation of the department of labor general wage determinations.* The prevailing wage rate and fringe benefit payments to be used in the implementation of this section shall be those last published by the U.S. Department of Labor as noticed in the federal register and reported in the general wage determinations issued under the Davis-Bacon and Related Acts prior to the date of issuance of specifications by Dania Beach in connection with its invitation for bids.

(c) *Notice requirement.* On the date an employee commences work on a construction contract to which this section applies, the contractor shall be required to post a notice in a prominent place at the work site stating the requirements of this section.

(d) *Preemption by federal funding.* When construction contracts involve federal funding or are otherwise subject to the provisions of the Davis-Bacon Act (40 U.S.C. 276(a)), this section shall not apply; and the minimum wages to be paid the various classes of laborers, mechanics and apprentices shall be based upon the wages determined by the secretary of labor in accordance with the Davis-Bacon Act (40 U.S.C. 276(a)).

(e) *Exceptions.* The provisions of this section shall not apply to any existing contract or construction project in which a notice for bids or request for proposals has been advertised in the public media prior to the effective date of this section or to any developer agreement whereby Dania Beach is requiring the construction of certain improvements including, but not limited to, road construction, as condition of the issuance of a development permit or to any construction project performed by Dania Beach utilizing its own employees.

1. Bidder and Surety, jointly and severally, bind themselves, and their heirs, executors, administrators, successors and assigns to pay to the Community Redevelopment Agency of the City of Dania Beach upon default of Bidder, the penal sum set forth on the face of this Bid Security Bond. In no event shall Bidder and Surety obligations exceed the penal sum set forth on the face of the Bid Security Bond.

3. This obligation shall be null and void if:
 - 3.1 Community Redevelopment Agency accepts Bidder's Bid and Bidder delivers within the time required by the bidding documents (or any extension of time agreed to in writing by the CRA) the executed Agreement required by the Bid Documents, the Insurance Agent Statement and any Performance and Payment Bonds required by the Bid Documents and Contract Documents, or

4. Payment under the Bid Security Bond will be due and payable upon default by Bidder and within thirty (30) calendar days after receipt by Bidder, and within thirty (30) calendar days after receipt by Bidder and Surety of written notice of default from the Community Redevelopment Agency's Clerk, which notice will be given with reasonable promptness, identifying the Bid Security Bond and the Project, including a statement of the amount due.

5. Surety waives notice of any and all defenses based on or arising out of any time extension to issue Notice of Award agreed to in writing by the Community Redevelopment Agency and Bidder, provided that the total time for issuing the Notice of Award including extensions, shall not in the aggregate exceed one hundred twenty (120) days from Bid due date without Surety's written consent.

10. This Bond is intended to conform to all applicable statutory requirements. Any applicable requirement of any applicable statute that has been omitted from the Bond shall be deemed to be included in it as if set forth at length. If any provision of the Bond conflicts with any applicable statute, then the provision of such statute shall govern and the remainder of the Bond that is not in conflict shall continue in full force and effect.

1. **DEFINITIONS**

- (A) **Balance of the Contract Price:** The total amount payable by the Community Redevelopment Agency to the Contractor under the Construction Contract after all proper adjustments have been made including allowance to the Contractor of any amounts received or to be received by the Community Redevelopment Agency in settlement of insurance or other claims for damages to which the Contractor is entitled, reduced by all valid and proper payments made to or on behalf of the Contractor under the Construction Contract.
- (B) **Construction Contract:** The agreement between the Community Redevelopment Agency and the Contractor identified on the signature page, including all Contract Documents and changes to them.
- (C) **Contractor Default:** Failure of the Contractor, which failure has neither been remedied nor waived, to perform or otherwise to comply with the terms of the Construction Contract.
- (D) **Community Redevelopment Agency Default:** Failure of the Community Redevelopment Agency, which failure has neither been remedied nor waived, to pay the Contractor as required by the Construction Contract or to perform and complete or comply with the other terms of it.

2. The Contractor and the Surety, jointly and severally bind themselves, their heirs, executors, administrators, successors and assigns to the Community Redevelopment Agency for the performance of the Construction Contract, which is incorporated into this document by this reference.

3. If the Contractor performs the Construction Contract, the Surety and the Contractor shall have no obligation under this Bond, except to participate in conferences.
4. If there is no Community Redevelopment Agency Default, the Surety's obligation under this Bond shall arise after:
 - (A) The Community Redevelopment Agency has notified the Contractor and the Surety at its address described in paragraph 10 below that the Community Redevelopment Agency is considering declaring a Contractor Default and has requested and attempted to arrange a conference with the Contractor and the Surety to be held not later than fifteen (15) days after receipt of such notice to discuss methods of performing the Construction Contract. If the Community Redevelopment Agency, the Contractor and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Construction Contract, but such an agreement shall not waive the Community Redevelopment Agency's right, if any, to subsequently declare a Contractor Default; and
 - (B) The Community Redevelopment Agency has declared a Contractor Default and formally terminated the Contractor's right to complete the Contract. Such Contractor Default shall not be declared earlier than twenty (20) days after the Contractor and the Surety have received; and
 - (C) The Community Redevelopment Agency has agreed to pay the Balance of the Contract Price to the Surety in accordance with the terms of the Construction Contract or to a Contractor selected to perform the Construction Contract in accordance with the terms of the Contract with the Community Redevelopment Agency.
5. When the Community Redevelopment Agency has satisfied the conditions of paragraph 3, the Surety shall promptly and at the Surety's expense take one of the following actions:
 - (A) Arrange for the Contractor, with consent of the Community Redevelopment Agency, to perform and complete the Construction Contract; or
 - (B) Undertake to perform and complete the Construction Contract itself, through its agents or through independent contractors; or
 - (C) Obtain bids or negotiated proposals from qualified Contractors acceptable to the Community Redevelopment Agency for a Contract for performance and completion of the Construction Contract, arrange for a Contract to be prepared for execution by the Community Redevelopment Agency and the Contractor selected with the Community Redevelopment Agency's concurrence, to be secured with performance and payment bonds executed by a qualified Surety equivalent to the bonds issued on the Construction Contract, and pay to the Community Redevelopment Agency the amount of damages as described in paragraph 6 in

excess of the Balance of the Contract Price incurred by the Community Redevelopment Agency resulting from the Contractor's default; or

- (D) Waive its right to perform and complete, arrange for completion, or obtain a new Contractor acceptable to the Community Redevelopment Agency and with reasonable promptness under the circumstances:
 - 1. After investigation, determine the amount for which it may be liable to the Community Redevelopment Agency and, as soon as practicable after the amount is determined, tender payment therefor to the Community Redevelopment Agency; or
 - 2. Deny liability in whole or in part and notify the Community Redevelopment Agency citing reasons therefor.
- 6. If the Surety does not proceed as provided in paragraph 4 with reasonable promptness, the Surety shall be deemed to be in default on this Bond fifteen (15) days after receipt of an additional written notice from the Community Redevelopment Agency to the Surety demanding that the Surety perform its obligations under this Bond, and the Community Redevelopment Agency shall be entitled to enforce any remedy available to the Community Redevelopment Agency. If the Surety proceeds, on in part, without further notice, the Community Redevelopment Agency shall be entitled to enforce any remedy available to the Community Redevelopment Agency.
- 7. After the Community Redevelopment Agency has terminated the Contractor's right to complete the Construction Contract, and if the Surety elects to act, then the responsibilities of the Surety to the Community Redevelopment Agency shall not be greater than those of the Contractor under the Construction Contract, and the responsibilities of the Community Redevelopment Agency to the Surety shall not be greater than those of the Community Redevelopment Agency under the Construction Contract. To the limit of the amount of this Bond, but subject to commitment by the Community Redevelopment Agency of the Balance of the Contract Price to mitigation of costs and damages on the Construction Contract, the Surety is obligated without duplication for:
 - (A) The responsibilities of the Contractor for correction of defective work and completion of the Construction Contract;
 - (B) Additional legal, design professional and delay costs resulting from the Contractor's Default, and resulting from the actions or failure to act of the Surety under paragraph 4; and
 - (C) Liquidated damages, or if no liquidated damages are specified in the Construction Contract, actual damages caused by delayed performance or non-performance of the Contractor.

8. The Surety shall not be liable to the Community Redevelopment Agency or others for obligations of the Contractor that are unrelated to the Construction Contract, and the Balance of the Contract Price shall not be reduced or set off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than the Community Redevelopment Agency or its heirs, executors, administrators or successors.
9. The Surety waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.
10. Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within two years after Contractor Default or within two years after the Contractor ceased working or within two years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.
11. Notice to the Surety, the Community Redevelopment Agency or the Contractor shall be mailed or delivered to the address shown on the first page of this document.
12. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with such statutory or legal requirement shall be deemed deleted from this document and provisions conforming to such statutory or other legal requirement shall be deemed incorporated into it. The intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

4. With respect to Claimants, this obligation shall be null and void if the Contractor promptly makes payment, directly or indirectly, for all sums due.
5. The Surety shall have no obligation to Claimants under this Bond until:

 2. Have either received a rejection in whole or in part from the Contractor, or not received within thirty (30) days of furnishing the above notice any communication from the Contractor by which the Contractor has indicated the claim will be paid directly or indirectly; and

6. If a notice required by paragraph 4 is given by the Community Redevelopment Agency to the Contractor, or to the Surety, that is sufficient compliance.
7. When the Claimant has satisfied the conditions of paragraph 4, the Surety shall promptly and, at the Surety's expense, take the following actions:

- (A) Send an answer to the Claimant, with a copy to the Community Redevelopment Agency, within forty-five (45) days after receipt of the claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed.
 - (B) Pay or arrange for payment of any undisputed amounts.
8. The Surety's total obligation shall not exceed the amount of this Bond, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.
 9. Amounts owed by the Contractor under the Construction Contract shall be used for the performance of the Construction Contract and to satisfy claims, if any, under any Construction Performance Bond. By the Contractor furnishing and the Community Redevelopment Agency accepting this Bond, they agree that all funds earned by the Contractor in the performance of the Construction Contract are dedicated to satisfy obligations of the Contractor and the Surety under this Bond, subject to the Community Redevelopment Agency's priority to use the funds for the completion of the work.
 10. The Surety shall not be liable to the Community Redevelopment Agency, Claimants or others for obligations of the Contractor that are unrelated to the Construction Contract. The Community Redevelopment Agency shall not be liable for payment of any costs or expenses of any Claimant under this Bond, and shall have under this Bond no obligations to make payments to, give notices on behalf of, or otherwise have obligations to Claimants under this Bond.
 11. The Surety waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.
 12. No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the location in which the work or part of the work is located or after the expiration of one (1) year from the date (1) on which the Claimant gave the notice required by subparagraph 4.1 or Clause 4.2.3 or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. The Engineer of Record's review shall not constitute approval of safety precautions or, unless otherwise specifically stated by the Engineer of Record, of any construction means, methods, techniques, sequences or procedures. The Engineer of Record's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

H. The Community Redevelopment Agency has granted to the (Engineer of Record authority to prepare Change Orders and Construction Change Directives, and may authorize minor changes in the Work as provided in Article 8.0 below.

I. The Community Redevelopment Agency has granted to the Engineer of Record authority to conduct inspections to determine the date or dates of Substantial Completion and the date of final completion. The Engineer of Record will receive and forward to the Community Redevelopment Agency for the Community Redevelopment Agency's review and records written warranties and related documents required by the Contract and assembled by the Contractor, and shall issue a final Certificate for Payment upon compliance with the requirements of the Contract Documents.

J. If the Community Redevelopment Agency and Engineer of Record agree, the Engineer of Record shall provide one or more project representatives to assist in carrying out the Engineer of Record's responsibilities at the site. The duties, responsibilities and limitations of authority of such project representatives shall be as set forth in an exhibit to be incorporated in the Contract Documents.

K. The Community Redevelopment Agency has granted to the Engineer of Record authority to interpret and decide matters concerning performance under and requirements of the Contract Documents upon written request of either the Community Redevelopment Agency or Contractor. The Engineer of Record's response to such requests shall be made

with reasonable promptness and within any time limits agreed upon. If no agreement is made concerning the time within which interpretations required of the Engineer of Record shall be furnished in compliance with Paragraph 4.2, then delay shall not be recognized on account of failure by the Engineer of Record to furnish such interpretations until fifteen (15) days after written request is made for them.

L. Interpretations and decisions of the Engineer of Record shall be consistent with the intent of and reasonably inferable from the Contract Documents and shall be in writing or in the form of drawings. When making such interpretations and decisions, the Engineer of Record shall endeavor to secure faithful performance by the Contractor.

4.3 CLAIMS AND DISPUTES

A. The responsibility to substantiate a Claim shall rest with the party making the Claim. All Claims must be made in writing and addressed to the Community Redevelopment Agency and the Engineer of Record.

B. **Process for Resolving a Claim.** The Engineer of Record shall review the Claim and make a recommendation to the Community Redevelopment Agency. The Community Redevelopment Agency shall render a final decision regarding the Claim. A decision by the Community Redevelopment Agency shall be required as a condition precedent to litigation of a Claim between the Contractor and Community Redevelopment Agency as to all such matters arising prior to the date final payment is due, regardless of: 1) whether such matters relate to execution and progress of the Work; or 2) the extent to which the Work has been completed.

C. **Time Limits on Claims.** Claims by the Contractor must be made within 30 days after occurrence of the event giving rise to such Claim or within thirty (30) days after the claimant first recognizes the condition giving rise to the Claim, whichever is later. Claims by the Engineer of Record, Contractor or their respective subcontractors must be made by written notice to the Community Redevelopment Agency. An additional Claim made after the initial Claim has been implemented by Change Order will not be considered unless submitted in a timely manner.

D. **Continuing Contract Performance.** Pending final resolution of a Claim, unless otherwise agreed in writing, the Contractor shall proceed diligently with performance of the Contract and the Community Redevelopment Agency shall continue to make payments in accordance with the Contract Documents.

E. **Claims for Concealed or Unknown Conditions.** If conditions are encountered at the Project site which are: 1) subsurface or otherwise concealed physical conditions which differ materially from those indicated in the Contract Documents; or 2) unknown physical conditions of an unusual nature, which differ materially from those ordinarily found to exist in the locale of the Project site and generally not recognized as inherent in construction activities of the character provided for in the Contract Documents, then notice by the observing party shall be given to the other party promptly before conditions

are disturbed and in no event later than twenty-one (21) days after first observance of the conditions. The Engineer of Record shall promptly investigate such conditions and, if they differ materially and cause an increase or decrease in the Contractor's cost of, or time required for, performance of any part of the Work, Engineer of Record shall recommend to the Contractor, with the Community Redevelopment Agency's approval, an equitable adjustment in the Contract Sum, Contract Time, or both. If the Engineer of Record determines that the conditions at the Project site are not materially different from those indicated in the Contract Documents and that no change in the terms of the Contract is justified, the Engineer of Record shall so notify the Community Redevelopment Agency and Contractor in writing, stating the reasons. Claims by either party in opposition to such determination must be made within twenty-one (21) days after the Engineer of Record has given notice of the decision. If the Engineer of Record and Contractor cannot agree on an adjustment in the Contract Sum or Contract Time, the adjustment shall be referred to the Community Redevelopment Agency for final determination.

F. Claims for Additional Cost. If the Contractor wishes to make Claim for an increase in the Contract Sum, written notice as provided in these Conditions shall be given before proceeding to execute the Work. Prior notice is not required for Claims relating to an emergency endangering life or property arising under Paragraph 11.3. If the Contractor believes additional cost is involved for reasons including but not limited to: 1) a written interpretation from the Engineer of Record; 2) an order by the Community Redevelopment Agency to stop the Work where the Contractor was not at fault; 3) a written order for a minor change in the Work issued by the Engineer of Record; 4) failure of payment by the Community Redevelopment Agency; 5) termination of the Contract by the Community Redevelopment Agency; or 6) Community Redevelopment Agency's suspension of Work, then the Claim shall be filed in accordance with the procedure established in this Contract.

G. Claims for Additional Time.

1. If the Contractor wishes to make Claim for an increase in the Contract Time, written notice as provided in these Conditions shall be given. The Contractor's Claim shall include an estimate of cost and a probable effect of delay on progress of the Work. In the case of a continuing delay, only one Claim is necessary.

2. If adverse weather conditions are the basis for a Claim for additional time, such Claim shall be documented by data substantiating that weather conditions were abnormal for the period of time and could not have been reasonably anticipated, and that weather conditions had an adverse effect on the scheduled construction.

H. Injury or Damage to Person or Property. If either party to the Contract suffers injury or damage to person or property because of an act or omission of the other party, or any of the other party's employees or agents, or of others for whose acts such party is legally liable, written notice of such injury or damage, whether or not insured, shall be given to the other party within a reasonable time not exceeding twenty-one (21) days

after first observance of the injury or damage. The notice shall provide sufficient detail to enable the other party to investigate the matter.

4.4 RESOLUTION OF CLAIMS AND DISPUTES

A. The Engineer of Record shall review Claims and take one or more of the following preliminary actions within ten days of receipt of a Claim: 1) request additional supporting data from the claimant; 2) submit a schedule to the parties indicating when the Engineer of Record expects to take action; or 3) suggest a compromise. The Engineer of Record may, at the Community Redevelopment Agency's direction, notify the surety, if any, of the nature and amount of the Claim. The Engineer of Record shall notify the Community Redevelopment Agency or the Claimant. The Community Redevelopment Agency shall make the final determination of whether to pay or dispute the Contractor's Claim.

B. If a Claim has been resolved, the Engineer of Record shall prepare or obtain appropriate documentation.

C. If a Claim has not been resolved, the party making the Claim shall, within ten days after the Engineer of Record's preliminary response, take one or more of the following actions: 1) submit additional supporting data requested by the Engineer of Record; 2) modify the initial Claim; or 3) notify the Engineer of Record that the initial Claim remains valid.

D. The Engineer of Record shall notify the parties in writing of the Community Redevelopment Agency's decision within seven days of receipt of: 1) additional supporting data; 2) a request to modify the initial Claim; or 3) that the initial Claim stands and the Community Redevelopment Agency's decision shall be final and binding on the parties but subject to review by a court of competent jurisdiction. The Engineer of Record shall prepare or obtain appropriate documentation regarding the Claim. If there is a surety and there appears to be a possibility of a Contractor's default, the Engineer of Record may, at the Community Redevelopment Agency's direction, but is not obligated to, notify the surety and request the surety's assistance in resolving the controversy.

ARTICLE 5.0 **SUBCONTRACTORS**

5.1 AWARD OF SUBCONTRACTS AND OTHER CONTRACTS FOR PORTIONS OF THE WORK

A. Unless otherwise stated in the Contract Documents or the bidding requirements, the Contractor, as soon as practicable after award of the Contract, shall furnish in writing to the Community Redevelopment Agency and the Engineer of Record the names of persons or entities (including those who or which are to furnish materials or equipment fabricated to a special design) proposed for each principal portion of the Work. The Engineer of Record shall within thirty (30) days reply to the Contractor in writing stating

whether or not the Community Redevelopment Agency or the Engineer of Record, after due investigation, objects to any such proposed person or entity.

B. The Contractor shall not contract with a proposed person or entity to which the Community Redevelopment Agency or Engineer of Record has made an objection. The Contractor shall not be required to contract with anyone to whom the Contractor has an objection.

C. If the Community Redevelopment Agency or Engineer of Record has objection to a person or entity proposed by the Contractor, the Contractor shall propose another to whom the Community Redevelopment Agency or Engineer of Record has no objection.

D. The Contractor shall not change a Subcontractor, person or entity previously selected if the Community Redevelopment Agency or Engineer of Record makes objection to such change.

E. The Contractor shall be responsible and liable to the Community Redevelopment Agency for all Work performed by the Subcontractors or their employees, agents or contractors, pursuant to this Agreement.

5.2 SUB-CONTRACTUAL RELATIONS

By appropriate written agreement the Contractor shall require each Subcontractor, to the extent of the Work to be performed by the Subcontractor, to be bound to the Contractor by terms of the Contract Documents, and to assume toward the Contractor all the obligations and responsibilities which the Contractor, by these Documents, assumes toward the Community Redevelopment Agency and Engineer of Record. Each subcontract agreement shall preserve and protect the rights of the Community Redevelopment Agency and Engineer of Record under the Contract Documents with respect to the Work to be performed by the Subcontractor so that subcontracting of Work shall not prejudice such rights, and shall allow the Subcontractor, unless specifically provided otherwise in the subcontract agreement, the benefit of all rights, remedies and redress against the Contractor that the Contractor, by the Contract Documents, has against the Community Redevelopment Agency. Where appropriate, the Contractor shall require each Subcontractor to enter into similar agreements with Sub-subcontractors. The Contractor shall make available to each proposed Subcontractor, prior to the execution of the subcontract agreement, copies of the Contract Documents to which the Subcontractor shall be bound, and upon written request of the Subcontractor, identify to the Subcontractor terms and conditions of the proposed subcontract agreement which may be at variance with the Contract Documents. Subcontractors shall similarly make copies of applicable portions of such documents available to their respective proposed Sub-subcontractors.

5.3 CONTINGENT ASSIGNMENT OF SUBCONTRACTS

A. Each subcontract agreement for a portion of the Work is assigned by the Contractor to the Community Redevelopment Agency provided that:

1. assignment is effective only after termination of the Contract by the Community Redevelopment Agency for cause pursuant to Paragraph 15.3 and only for those subcontract agreements which the Community Redevelopment Agency accepts by notifying the Sub-contractor in writing; and
2. assignment is subject to the prior rights of the surety, if any, obligated under bond relating to the Contract.

ARTICLE 6.0

CONSTRUCTION BY COMMUNITY REDEVELOPMENT AGENCY OR BY SEPARATE CONTRACTORS

6.1 COMMUNITY REDEVELOPMENT AGENCY'S RIGHT TO PERFORM CONSTRUCTION AND TO AWARD SEPARATE CONTRACTS

A. The Community Redevelopment Agency reserves the right to perform construction or operations related to the Project with the Community Redevelopment Agency's Own Forces, and to award separate contracts in connection with other portions of the Project or other construction or operations on the Project. If the Contractor claims that delay or additional cost is involved because of such action by the Community Redevelopment Agency, the Contractor may make such Claim as provided in this Agreement.

B. When separate contracts are awarded for different portions of the Project or other construction or operations on the site, the term "Contractor" in the Contract Documents in each case shall mean the Contractor who or which executes each separate Community Redevelopment Agency-Contractor Agreement.

C. The Community Redevelopment Agency shall provide for coordination of the activities of the Community Redevelopment Agency's Own Forces and of each separate contractor with the Work of the Contractor, who shall cooperate with them. The Contractor shall participate with other separate contractors and the Community Redevelopment Agency in reviewing their construction schedules when directed to do so. The Contractor shall make any revisions to the construction schedule and Contract Sum deemed necessary after a joint review and mutual agreement. The construction schedules shall then constitute the schedules to be used by the Contractor, separate contractors and the Community Redevelopment Agency until subsequently revised.

6.2 MUTUAL RESPONSIBILITY

A. The Contractor shall afford the Community Redevelopment Agency and separate Contractors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities and shall connect and coordinate the Contractor's construction and operations with theirs as required by the Contract Documents.

B. If part of the Contractor's Work depends for proper execution or results upon construction or operations by the Community Redevelopment Agency or a separate contractor, the Contractor shall, prior to proceeding with that portion of the Work, promptly report to the Community Redevelopment Agency and Engineer of Record apparent discrepancies or defects in such other construction that would render it unsuitable for such proper execution and results. Failure of the Contractor to report apparent discrepancies shall constitute an acknowledgement that the Community Redevelopment Agency's or separate contractor's completed or partially completed construction is fit and proper to receive the Contractor's Work, except as to defects not then reasonably discoverable.

C. Costs caused by delays or by improperly timed activities or defective construction shall be borne by the responsible party.

D. The Contractor shall promptly remedy damage wrongfully caused by the Contractor to completed or partially completed construction or to property of the Community Redevelopment Agency or separate contractors as provided in Paragraph 11.2 (A).

E. Claims and other disputes and matters in question between the Contractor and a separate Contractor shall be subject to the provisions of Paragraph 5.3 provided the separate contractor has reciprocal obligations.

6.3 COMMUNITY REDEVELOPMENT AGENCY'S RIGHT TO CLEAN UP

If a dispute arises among the Contractor, separate Contractors and the Community Redevelopment Agency as to the responsibility under their respective contracts for maintaining the premises and surrounding area free from waste materials and rubbish as described in 3.19, the Community Redevelopment Agency may clean up and allocate the cost among those responsible as the Community Redevelopment Agency determines to be just.

ARTICLE 7.0
CHANGES IN THE WORK

7.1 CHANGES

A. Changes in the Work may be accomplished after execution of the Contract only by written Change Order, Construction Change Directive or order for a minor change in the Work, subject to the limitations stated in this Article 8.1 and elsewhere in the Contract Documents.

B. A Change Order shall be based upon agreement among the Community Redevelopment Agency, Contractor and Engineer of Record; a Construction Change Directive requires agreement by the Community Redevelopment Agency and Engineer of Record and may or may not be agreed to by the Contractor; the EOR alone may issue an order for a minor change in the Work.

C. Changes in the Work shall be performed under applicable provisions of the Contract Documents, and the Contractor shall proceed promptly, unless otherwise provided in the Change Order, Construction Change Directive or order for a minor change in the Work.

7.2 CHANGE ORDERS

A. Methods used in determining adjustments to the Contract Sum may include those listed in Paragraph 8.2.

B. Should the Contractor and Community Redevelopment Agency fail to agree as to the necessity of a Change Order, the matter will be referred to the Engineer of Record for determination. Pending final determination of such a dispute, the Contractor shall proceed with the performance of the Contract.

7.3 CONSTRUCTION CHANGE DIRECTIVES

A. The Community Redevelopment Agency may by Construction Change Directive, order changes in the Work within the general scope of the Contract consisting of additions, deletions or other revisions, and the Contract Sum and Contract Time are to be adjusted accordingly.

B. A Construction Change Directive shall be used in the absence of total agreement on the terms of a Change Order.

C. A Construction Change Directive provides for an adjustment to the Contract Sum. The adjustment shall be based on one of the following methods;

1. mutual acceptance of a lump sum properly itemized and supported by sufficient substantiating data to permit evaluation;

2. unit prices stated in the Contract Documents or subsequently agreed upon;
3. cost to be determined in a manner agreed upon by the parties and a mutually acceptable fixed or percentage fee; or
4. as provided in Paragraph 8.3(F).

D. Upon receipt of a Construction Change Directive, the Contractor shall promptly proceed with the change in the Work involved and advise the Engineer of Record of the Contractor's agreement or disagreement with the method, if any, provided in the Construction Change Directive for determining the proposed adjustment in the Contract Sum or Contract Time.

E. A Construction Change Directive signed by the Contractor indicates the agreement of the Contractor with it, including adjustment in the Contract Sum and Contract Time or the method for determining them. Such agreement shall be effective immediately and shall be recorded as a Change Order.

F. If the Contractor does not respond promptly or disagrees with the method for adjustment in the Contract Sum, the method and the adjustment shall be determined by the Community Redevelopment Agency on the basis of reasonable expenditures and savings of those performing the Work attributable to the change, including, in case of an increase in the Contract Sum, a reasonable allowance for overhead and profit. In such case, and also under Paragraph 8.3 (C), the Contractor shall keep and present, in such form as the Community Redevelopment Agency may prescribe, an itemized accounting together with appropriate supporting data. Unless otherwise provided in the Contract Documents, costs for the purposes of this Paragraph shall be limited to the following:

1. costs of labor, including social security, old age and unemployment insurance, fringe benefits required by agreement or custom, and Workers' Compensation insurance;
2. costs of materials, supplies and equipment including cost of transportation, whether incorporated or consumed;
3. rental costs of machinery and equipment, exclusive of hand tools, whether rented from the Contractor or others;
4. costs of premiums for all bonds and insurance, permit fees, and sales, use or similar taxes related to the Work; and
5. additional costs of supervision and field officer personnel directly attributable to the change.

G. Pending final determination of cost to the Community Redevelopment Agency, amounts not in dispute may be included in Applications for Payment. The amount of credit to be allowed by the Contractor to the Community Redevelopment Agency for a deletion or change that result in a net decrease in the Contract Sum shall be actual net cost as confirmed by the Engineer of Record. When both additions and credits covering related Work or substitutions are involved in a change, the allowance for overhead and profit shall be figured on the basis of net increase, if any, with respect to the change.

H. If the Community Redevelopment Agency and Contractor do not agree with the adjustment in Contract Time or the method for determining it, the adjustment or the method shall be referred to the Engineer of Record for determination.

I. When the Community Redevelopment Agency and Contractor agree concerning the adjustments in the Contract Sum and Contract Time, or otherwise reach agreement upon the adjustments, such agreement shall be effective immediately and shall be recorded by preparation and execution of an appropriate Change Order.

7.4 MINOR CHANGES IN THE WORK

The Engineer of Record will have authority to order minor changes in the Work not involving adjustment in the Contract Sum or extension of the Contract Time and not inconsistent with the intent of the Contract Documents. The Contractor shall carry out such written orders promptly.

ARTICLE 8.0 **TIME**

8.1 PROGRESS AND COMPLETION

A. Time limits stated in the Contract Documents are essential to the Contract. By executing the Agreement the Contractor confirms that the Contract Time is a reasonable period for performing the Work.

B. The Contractor shall not knowingly, except by agreement or instruction of the Community Redevelopment Agency in writing, prematurely commence operations on the site or elsewhere prior to the effective date of insurance to be furnished by the Contractor. The date of commencement of the Work shall not be changed by the effective date of such insurance.

C. The Contractor shall proceed expeditiously with adequate forces and shall achieve Substantial Completion within the Contract Time.

8.2 DELAYS AND EXTENSIONS OF TIME

A. If the Contractor is delayed at any time in progress of the Work by an act or neglect of the Community Redevelopment Agency or Engineer of Record, or of an

employee of either, or of a separate contractor employed by the Community Redevelopment Agency, or by changes ordered in the Work, or by labor disputes, fire, unusual delay in deliveries, unavoidable casualties or other causes beyond the Contractor's control, or by delay authorized by the Community Redevelopment Agency, or pending litigation, or by other causes which the Engineer of Record and Community Redevelopment Agency determine may justify delay, then the Contract Time shall be extended by Change Order for such reasonable time as the Community Redevelopment Agency and Engineer of Record may determine.

B. Claims relating to time shall be made in accordance with applicable provisions of Paragraph 5.3.

C. Delays and extensions of time do not preclude recovery of damages for delay by either party under other provisions of the Contract Documents.

ARTICLE 9.0
PAYMENTS AND COMPLETION

9.1 SCHEDULE OF VALUES

Before the first Application for Payment, the Contractor shall submit to the Engineer of Record a schedule of values allocated to various portions of the Work, prepared in such form and supported by such data to substantiate its accuracy as the Community Redevelopment Agency and Engineer of Record may require. This schedule, unless objected to by the Community Redevelopment Agency, shall be used as a basis for reviewing the Contractor's Applications for Payment.

9.2 MOBILIZATION PAYMENT

A. Basis of Payment. When the Bid includes a separate item of payment for this work, the work and incidental costs specified as being covered under this Section will be paid for at the Contract lump sum price for the item of Mobilization.

B. Partial Payments. When the Bid includes a separate pay item for Mobilization, partial payments will be made in accordance with the following:

Percent of Original Contract Amount Earned	Allowable Percent of the Lump Sum Price for the Item*
5	25
10	50
25	75
50	100

*Partial payments for any project will be limited to the applicable retainage amount for that project. Any remaining amount will be paid upon completion of all Work on the project.

The standard retainage, as specified in the Contract Documents will be applied to these allowances. Partial payments made on this item will in no way act to preclude or limit any of the provisions for partial payments otherwise provided for by the Contract. When more than one project or job is included in the Contract, the above percentages shall apply separately to each job which has a separate pay item for Mobilization. As an exception to partial payments being made based on Percent of Original Contract Amount Earned, the Community Redevelopment Agency will pay the Contractor the invoice price of the Contract Bond when the Engineer has been furnished with a certified copy of the invoice from the Bonding Company. No other work will be required to receive payment for the Contract Bond included in the bid price for Mobilization.

C. When No Separate Item is Included in the Bid. When the Bid does not include a separate item for Mobilization, all work and incidental costs specified as being covered under this Section will be included for payment under the several scheduled items of the overall Contract, and no separate payment will be made.

9.3 APPLICATIONS FOR PAYMENT

A. At least ten days before the date established for each progress payment, the Contractor shall submit to the Engineer of Record an itemized Application for Payment for operations completed in accordance with the schedule of values. Such application shall be notarized, and supported by such data substantiating the Contractor's right to payment as the Community Redevelopment Agency, such as copies of requisitions from Subcontractors and material Suppliers, and reflecting retainage if provided for elsewhere in the Contract Documents.

B. With each Application for Payment, Contractor shall provide the Engineer of Record with a sworn statement from each and every Supplier, Subcontractor and Sub-subcontractor that the Contractor has paid for any and all materials, equipment and Work itemized in the prior application as being supplied or performed by the Supplier, Subcontractor and sub-subcontractor.

C. Such applications may not include requests for payment of amounts the Contractor does not intend to pay to a Subcontractor or material Supplier because of a dispute or other reason.

D. Payments shall be made on account of materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work. Payment shall not be made for materials and equipment suitably stored off the site. The Community Redevelopment Agency shall also pay for materials satisfactorily incorporated into the Work.

E. The Contractor warrants that title to all Work covered by an Application for Payment will pass to the Community Redevelopment Agency no later than the time of payment. The Contractor further warrants that upon submittal of an Application for

Payment all Work for which Certificates for Payment have been previously issued and payments received from the Community Redevelopment Agency shall, to the best of the Contractor's knowledge, information and belief, be free and clear of claims, security interests or encumbrances in favor of the Contractor, Subcontractor's material Suppliers, or other persons or entities making a claim by reason of having provided labor, materials and equipment relating to the Work.

F. Contractor shall maintain in a safe place at the Project site one record copy of all Drawings, Specifications, addendum, addenda, written amendments, Change Orders, Work, change directives, field orders, and written interpretations and clarifications in good order and annotated to show changes made during construction. These record documents together with all approved Samples and a counterpart of all approved Shop Drawings will be available to the Community Redevelopment Agency and Engineer of Record for reference. Upon completion of the Work, these record documents, Samples, and Shop Drawings will be delivered to the Engineer of Record for the Community Redevelopment Agency.

9.4 CERTIFICATIONS OF PAYMENT

A. After receipt of the Contractor's Application for Payment, Engineer of Record shall either issue to the Community Redevelopment Agency a Certification of Payment, with a copy to the Contractor, for such amount as the Engineer of Record determines is properly due, or within twenty (20) business days after receipt of the Contractor's Application for Payment, notify the Contractor and Community Redevelopment Agency in writing of the Engineer of Record's reasons for withholding certification in whole or in part. If Certification of Payment has been issued by the Engineer of Record, payment is due within twenty-five (25) business days after the date on which the payment request or invoice is stamped as received by the Engineer of Record, in accordance with Part VII of Chapter 218, Florida Statutes, as it may be amended from time to time, entitled the "Local Government Prompt Payment Act."

B. The issuance of a Certification of Payment will constitute a representation by the Community Redevelopment Agency, based on the Engineer of Record's inspection and observations at the Project site and the data comprising the Application for Payment, that the Work has progressed to the point indicated and that, to the best of the Engineer of Record's knowledge, information and belief, the quality of the Work is in accordance with the Contract Documents. The foregoing representations are subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to results of subsequent tests and inspections, to minor deviations from the Contract Documents correctable prior to completion and to specific qualifications expressed by the Engineer of Record. The issuance of a Certification of Payment entitles the Contractor to payment in the amount certified.

9.5 DECISION TO WITHHOLD CERTIFICATION

A. The Engineer of Record may decide not to certify payment and may withhold a Certification of Payment in whole or in part, to the extent reasonably necessary to protect the Community Redevelopment Agency, if in the Engineer of Record's opinion the representations to the Community Redevelopment Agency required by Paragraph 9.2 cannot be made. If the Engineer of Record is unable to certify payment in the amount of the Application, the Engineer of Record will notify the Contractor and Community Redevelopment Agency as provided in Paragraph 9.5 (B). If the Contractor and Engineer of Record cannot agree on a revised amount, the Engineer of Record will promptly issue a Certification for Payment for the amount for which the Engineer of Record is able to make such representations to the Community Redevelopment Agency. The Engineer of Record may also decide not to certify payment or, because of subsequently discovered evidence or subsequent observations, may nullify the whole or part of a Certification of Payment previously issued, to such extent as may be necessary in the Engineer of Record's opinion to protect the Community Redevelopment Agency from loss because of:

1. defective Work not remedied;
2. third party claims filed or reasonable evidence indicating probable filing of such claims;
3. failure of the Contractor to make payments properly to Suppliers, Subcontractors, Sub-subcontractors for labor, materials or equipment;
4. reasonable evidence that the Work cannot be completed for the unpaid balance of the Contract Sum;
5. damage to the Community Redevelopment Agency or another contractor;
6. reasonable evidence that the Work will not be completed within the Contract Time, and that the unpaid balance would not be adequate to cover actual or liquidated damages for the anticipated delay; or
7. persistent failure to carry out the Work in accordance with the Contract Documents.

B. When the above reasons for withholding certification are removed, certification will be made for amounts previously withheld.

C. If a Contractor's Application for Payment is rejected as described above, and the Contractor submits a corrected Application for Payment which corrects the deficiency specified in writing by the Engineer of Record, the corrected Application for Payment must be paid or rejected on the later of, ten business days after the corrected Application for Payment is received, or if the Community Redevelopment Agency is required by

ordinance, charter or law to approve or reject the corrected Application for Payment, the first business day after the next regularly scheduled City Commission meeting held after the corrected Application for Payment is received.

D. If a dispute between the Community Redevelopment Agency and the Contractor concerning an Application for Payment cannot be resolved by the procedure set forth above, the dispute shall be resolved in accordance with the following dispute resolution policy. Proceedings to resolve the dispute shall be commenced no later than forty-five (45) days after the date on which the Application for Payment was received and shall be concluded by final decision of the Community Redevelopment Agency not later than sixty (60) days after the date on which the Application for Payment was received. If the dispute is resolved in favor of the Community Redevelopment Agency, interest charges shall begin to accrue fifteen (15) days after the Community Redevelopment Agency's final decision. If the dispute is resolved in favor of the Contractor, interest shall begin to accrue as of the original date the payment became due.

9.6 PROGRESS PAYMENTS

A. In accordance with Part VII of Chapter 218, Florida Statutes, as it may be amended from time to time, entitled the "Local Government Prompt Payment Act," the Contractor shall promptly pay each Supplier, Subcontractor, and Sub-subcontractor upon receipt of payment from the Community Redevelopment Agency, out of the amount paid to the Contractor on account of such portion of the Work, the amount to which such Supplier, Subcontractor, and Sub-subcontractor is entitled, reflecting percentages actually retained from payments to the Contractor on account of such Subcontractor's portion of the Work. The Contractor shall require each Subcontractor to make payments to Sub-subcontractors in similar manner.

B. The Engineer of Record will, on request, furnish to a Subcontractor or Sub-subcontractor, if practicable, information regarding percentages of completion or amounts applied for by the Contractor and action taken by the Engineer of Record and Community Redevelopment Agency on account of portions of the Work done by such Subcontractor or Sub-subcontractor.

C. Neither the Community Redevelopment Agency nor Engineer of Record shall have an obligation to pay the Subcontractor except as may otherwise be required by law.

D. A Certification of Payment, a progress payment, or partial or entire use or occupancy of the Project by the Community Redevelopment Agency shall not constitute acceptance of Work not completed in accordance with the Contract Documents.

9.7 SUBSTANTIAL COMPLETION

A. In accordance with Part VII of Chapter 218, Florida Statutes, as it may be amended from time to time, entitled the "Local Government Prompt Payment Act," within thirty (30) calendar days after reaching Substantial Completion of the Work or a

portion of it which the Community Redevelopment Agency agrees to accept separately, the Community Redevelopment Agency shall develop a list of items required to render the Work complete, satisfactory and acceptable and shall review the list with the Contractor. The failure to include any corrective work or pending items not yet completed on the list does not alter the responsibility of the Contractor to complete all Work pursuant to the Contract Documents. Upon completion of all items on the list, Contractor may submit a payment request for all remaining retainage withheld by Community Redevelopment Agency. If a good faith dispute exists as to whether one or more items identified on the list have been completed, Community Redevelopment Agency may continue to withhold an amount not to exceed one hundred fifty percent (150%) of the total costs to complete such items. When the Work or designated portion of it is substantially complete, the Engineer of Record will prepare a Certificate of Substantial Completion that shall establish the date of Substantial Completion, establish responsibilities of the Community Redevelopment Agency and Contractor for security, maintenance, utilities, damage to the Work and insurance, and fix the time within which the Contractor shall finish all items on the list accompanying the Certificate. Warranties required by the Contract Documents shall commence on the date of Substantial Completion of the Work or designated portion of it unless otherwise provided in the Certificate of Substantial Completion. Such warranties are in addition to the warranty provisions provided in Paragraph 3.8. The Certificate of Substantial Completion shall be submitted to the Community Redevelopment Agency for its written acceptance of responsibilities assigned to them in such Certificate.

B. Upon Substantial Completion of the Work or designated portion of it and upon application by the Contractor and certification by the Engineer of Record, the Community Redevelopment Agency shall make payment, reflecting adjustment in retainage, if any, for such Work or portion of it as provided in the Contract Documents.

9.8 PARTIAL OCCUPANCY OR USE

A. The Community Redevelopment Agency may occupy or use any completed or partially completed portion of the Work at any stage when such portion is designated by separate agreement with the Contractor, provided such occupancy or use is consented to by the insurer and authorized by public authorities having jurisdiction over the Work. Such partial occupancy or use may commence whether or not the portion is substantially complete, provided the Community Redevelopment Agency and Contractor have accepted in writing the responsibilities assigned to each of them for payments, retainage if any, security, maintenance, utilities, damage to the Work and insurance, and have agreed in writing concerning the period for correction of the Work and commencement of warranties required by the Contract Documents. When the Contractor considers a portion substantially complete, the Contractor shall prepare and submit a list to the Engineer of Record. Consent to the Contractor to partial occupancy or use shall not be unreasonably withheld. The stage of the progress of the Work shall be determined by written agreement between the Community Redevelopment Agency and Contractor, or if no agreement is reached, by decision of the Engineer of Record.

B. Immediately prior to such partial occupancy or use, the Community Redevelopment Agency, Contractor and Engineer of Record shall jointly inspect the area to be occupied or portion of the Work to be used in order to determine and record the condition of the Work.

C. Unless otherwise agreed upon, partial occupancy or use of a portion or portions of the Work shall not constitute acceptance of Work not complying with the requirements of the Contract Documents.

9.9 FINAL COMPLETION AND FINAL PAYMENT

A. Upon receipt of written notice that the Work is ready for final inspection and acceptance and upon a receipt of a final Application for Payment, the Engineer of Record will promptly make such inspection and, when the Engineer of Record finds the Work acceptable under the Contract Documents and the Contract fully performed, the Engineer of Record will promptly issue a final Certification of Payment stating that to the best of the Engineer of Record's knowledge, information and belief, and on the basis of the Engineer of Record's observations and inspections, the Work has been completed in accordance with terms and conditions of the Contract Documents and that the entire balance found to be due the Contractor and noted in such final Certificate is due and payable. The Engineer of Record's final Certification of Payment will constitute a further representation that conditions listed in this Article as precedent to the Contractor's being entitled to final payment have been fulfilled.

B. Neither final payment nor any remaining retained percentage shall become due until the Contractor submits to the Engineer of Record: (1) an affidavit that payrolls, bills for materials and equipment, and other indebtedness connected with the Work for which the Community Redevelopment Agency or the CRA's property might be responsible or encumbered (less amounts withheld by Community Redevelopment Agency) have been paid or otherwise satisfied; (2) a certificate evidencing that insurance required by the Contract Documents to remain in force after final payment is currently in effect and will not be cancelled or allowed to expire until at least 30 days' prior written notice has been given to the Community Redevelopment Agency; (3) a written statement that the Contractor knows of no substantial reason that the insurance will not be renewable to cover the period required by the Contract Documents; and (4) establishing payment or satisfaction of obligations, such as receipts, releases and waivers of claims, security interests or encumbrances arising out of the Contract, to the extent and in such form as may be designated by the Community Redevelopment Agency. If a Subcontractor refuses to furnish a release or waiver required by the Community Redevelopment Agency, the Contractor may furnish a bond satisfactory to the Community Redevelopment Agency to indemnify the Community Redevelopment Agency against such claim. If such claim remains unsatisfied after payments are made, the Contractor shall refund to the Community Redevelopment Agency all money that the Community Redevelopment Agency may be compelled to pay in discharging such claim, including all costs and reasonable attorneys' fees.

C. If, after Substantial Completion of the Work, final completion is materially delayed through no fault of the Contractor or by issuance of Change Orders affecting final completion, and the Engineer of Record so confirms, the Community Redevelopment Agency shall upon application by the Contractor and certification by the Engineer of Record, and without terminating the Contract, make payment of the balance due for that portion of the Work fully completed and accepted. If the remaining balance for Work not fully completed or corrected is less than retainage stipulated in the Contract Documents, and if bonds have been furnished, the written consent of surety to payment of the balance due for that portion of the Work fully completed and accepted shall be submitted by the Contractor to the Engineer of Record prior to certification of such payment. Such payment shall be made under terms and conditions governing final payment, except that it shall not constitute a waiver of claims.

D. Acceptance of final payment by the Contractor, Subcontractors, Sub-subcontractors, and Suppliers shall constitute a waiver of claims by such payees except those previously made in writing and identified by a payee as unsettled at the time of final Application for Payment.

ARTICLE 10.0
PROTECTION OF PERSONS AND PROPERTY

10.1 SAFETY PRECAUTIONS AND PROGRAMS

A. The Contractor shall be responsible for initiating, maintaining and supervision of all safety precautions and programs in connection with the performance of the Contract Work.

B. In the event the Contractor encounters on the Project site material reasonably believed to be asbestos or polychlorinated biphenyl (PCB) that has not been rendered harmless, the Contractor shall immediately stop Work in the area affected and report the condition to the Community Redevelopment Agency and Engineer of Record in writing. The Work in the affected area shall not thereafter be resumed except by written agreement of the Community Redevelopment Agency and Contractor if the material is asbestos or polychlorinated biphenyl (PCB) and has not been rendered harmless. The Work in the affected area shall be resumed in the absence of asbestos or polychlorinated biphenyl (PCB), or when it has been rendered harmless, by written agreement of the Community Redevelopment Agency and Contractor.

C. The Contractor shall not be required to Work in an area on the Project site that contains asbestos or polychlorinated biphenyl (PCB).

10.2 SAFETY OF PERSONS AND PROPERTY

A. The Contractor shall take responsible precautions for safety of, and shall provide reasonable protection to prevent damage, injury or loss to:

1. employees at the Project site and other persons who may be affected by the Work;
2. the Work and materials and equipment to be incorporated into it, whether in storage on or off the site, under care, custody or control of the Contractor or the Contractor's Subcontractors or Sub-subcontractors; and
3. other property at the Project site or adjacent to it, such as any property of any other person or entity, as well as trees, shrubs, lawns, walks, or items which are relocated or replaced in the course of construction.

B. The Contractor shall give notices and comply with applicable laws, ordinances, rules, regulations and lawful orders of public authorities bearing on safety of persons or property for their protection from damage, injury or loss.

C. The Contractor shall erect and maintain, as required by existing conditions and performance of the Contract, reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards, promulgating safety regulations and notifying Community Redevelopment Agencies and users of adjacent sites and utilities.

D. When use or storage of explosives or other hazardous materials or equipment or unusual methods are necessary for execution of the Work, the Contractor shall exercise utmost care and carry on such activities under the supervision of properly qualified personnel.

E. The Contractor shall promptly remedy damage and loss (other than damage or loss insured under property insurance required by the Contract Documents) to property referred to in this Section caused in whole or in part by the Contractor, a Subcontractor, a Sub-subcontractor, or anyone directly or indirectly employed by any of them, or by anyone for whose acts they may be liable and for which the Contractor is responsible under Paragraphs 10.3 (A) except damage or loss attributable to acts or omissions of the Community Redevelopment Agency or Engineer of Record or anyone directly or indirectly employed by either of them, or by anyone for whose acts either of them may be liable, and not attributable to the fault or negligence of the Contractor. The foregoing obligations of the Contractor are in addition to the Contractor's obligations under Article 3.

F. The Contractor shall designate a responsible member of the Contractor's organization at the Project site whose duty shall be the prevention of accidents. This person shall be the Contractor's Superintendent unless otherwise designated by the Contractor in writing to the Community Redevelopment Agency and Engineer of Record.

G. The Contractor shall not load or permit any part of the construction or Project site to be loaded so as to endanger its safety.

10.3 EMERGENCIES

In an emergency affecting safety of persons or property, the Contractor shall act, at the Contractor's discretion, to prevent threatened damage, injury or loss. Additional compensation or extension of time claimed by the Contractor on account of an emergency shall be determined as provided in Paragraph 3.5 and Article 7.

ARTICLE 11.0 UNCOVERING AND CORRECTION OF WORK

11.1 UNCOVERING OF WORK

A. If a portion of the Work is covered contrary to the Engineer of record's request or to requirements specifically expressed in the Contract Documents, it must, if required in writing by the Engineer of Record, be uncovered for the Engineer of Record's inspection and be replaced at the Contractor's expense without change in the Contract Time.

B. If a portion of the Work has been covered and the Engineer of Record has not specifically requested to observe the Work prior to its being covered, the Engineer of Record may request to see such Work and the Contractor shall uncover it. If such Work is in accordance with the Contract Documents, costs of uncovering and replacement shall, by appropriate Change Order, be charged to the Community Redevelopment Agency. If such Work is not in accordance with the Contract Documents, the Contractor shall pay such costs unless the condition was caused by the Community Redevelopment Agency or a separate contractor in which event the Community Redevelopment Agency shall be responsible for payment of such costs.

11.2 CORRECTION OF WORK

A. The Contractor shall promptly, in a technically appropriate time period, correct Work rejected by the Engineer of Record for failing to conform to the requirements of the Contract Documents, whether observed before or after Substantial Completion and whether or not fabricated, installed or completed. The Contractor shall bear costs of correcting such rejected work, including additional testing and inspections and compensation for the Engineer of Record's services and expenses made necessary by such correction.

B. If, within one year after the date of Substantial Completion of the Work or designated portion of it, or after the date for commencement of warranties or by terms of an applicable special warranty required by the Contract Documents, any of the Work is found to be not in accordance with the requirements of the Contract Documents, the Contractor shall correct it promptly, in a technically appropriate time period, after receipt of written notice from the Community Redevelopment Agency unless the Community Redevelopment Agency has previously given the Contractor a written acceptance of such condition. The one-year period shall be extended with respect to portions of Work first performed after Substantial Completion by the period of time between Substantial

Completion and the actual performance of the Work. This obligation shall survive acceptance of the Work under the Contract and termination of the Contract and shall be in addition to the warranty provisions of this Agreement. The Community Redevelopment Agency shall give such notice after discovery of the condition.

C. The Contractor shall remove from the Project site portions of the Work that are not in accordance with the requirements of the Contract Documents and are neither corrected by the Contractor nor accepted by the Community Redevelopment Agency.

D. If the Contractor fails to correct nonconforming Work within a reasonable time, the Community Redevelopment Agency may correct it in accordance with the Community Redevelopment Agency's Right to carry out the Work provision of this contract. If the Contractor does not proceed with correction of such nonconforming Work within a reasonable time fixed by written notice from the Engineer of Record, the Community Redevelopment Agency may remove it and store the useable materials or equipment at the Contractor's expense. If the Contractor does not pay costs of such removal and storage within ten days after written notice, the Community Redevelopment Agency may upon ten additional days' written notice sell such materials and equipment at auction or at private sale and shall account for the sale proceeds after deducting costs and damages that should have been borne by the Contractor, including compensation for the Engineer of Record's services and expenses made necessary by the sale. If such proceeds of sale do not cover costs which the Contractor should have borne, the Contract Sum shall be reduced by the deficiency. If payments then or thereafter due the Contractor are not sufficient to cover such amount, the Contractor shall pay the difference to the Community Redevelopment Agency.

E. The Contractor shall bear the cost of correcting destroyed or damaged construction, whether completed or partially completed, of the Community Redevelopment Agency or separate contractors caused by the Contractor's correction or removal of Work that is not in accordance with the requirements of the Contract Documents.

F. Nothing contained in this provision shall be construed to establish a period of limitation with respect to other obligations that the Contractor might have under the Contract Documents. The one-year period in this provision relates only to the specific obligation of the Contractor to correct the Work, and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to the Contractor's obligations other than specifically to correct the Work.

11.3 ACCEPTANCE OF NONCONFORMING WORK

A. Whenever an item of material or equipment is specified or described in the Contract Documents by using the name of a proprietary item or the name of a particular Supplier, the Specification or description is intended to establish the type, function,

appearance, and quality required. Unless the Specification or description contains or is followed by words reading that no like, equivalent, or “or-equal” item or no substitution is permitted, other items of material or equipment or material or equipment of other Suppliers may be submitted to Engineer of Record for review under the circumstances described below.

1. **“Or-Equal” Items:** If the Engineer of Record determines that an item of material or equipment proposed by Contractor is functionally equal to that named and sufficiently similar so that no change in related Work will be required, it may be considered by Engineer of Record as an “or-equal” item, in which case review and approval of the proposed item may, with the Community Redevelopment Agency’s approval, be accomplished without compliance with some or all of the requirements for approval of proposed substitute items. For the purposes of this paragraph, a proposed item of material or equipment will be considered functionally equal to an item so named if:

- a. Engineer of Record determines that: (i) it is at least equal in quality, durability, appearance, strength, and design characteristics; and (ii) it will reliably perform at least equally well the function imposed by the design concept of the completed Project as a functioning whole, and
- b. Contractor certifies that: (i) there is no increase in cost to the Community Redevelopment Agency; and (ii) it will conform substantially, even with deviations, to the detailed requirements of the item named in the Contract Documents.

2. **Substitute Items:**

- a. If the Engineer of Record determines that the material or equipment proposed by Contractor does not qualify as an “or-equal” item under paragraph 13.3 (A)(1), it will be considered a proposed substitute item.
- b. Contractor shall submit sufficient information as provided below to allow Engineer of Record to determine whether the item of material or equipment proposed is essentially equivalent to that named and an acceptable substitute therefor. Engineer of Record will not accept requests for review of proposed substitute items of material or equipment from anyone other than Contractor.
- c. The procedure for review by Engineer of Record will be as set forth in this paragraph 13.3 (A)(2)(d), and as the Community Redevelopment Agency or Engineer of Record may decide is appropriate under the circumstances.
- d. Contractor shall first make a written application to Engineer of Record for review of a proposed substitute item of material or equipment

that the Contractor seeks to furnish or use. The application shall certify that the proposed substitute item will adequately perform the functions and achieve the results called for by the general design, be similar in substance to that specified, and be suited to the same use as that specified. The application will state the extent, if any, to which the use of the proposed substitute item will prejudice Contractor's achievement of Substantial Completion on time, whether or not use of the proposed substitute item in the Work will require a change in any of the Contract Documents (or in the provisions of any other direct contract with Community Redevelopment Agency for work on the Project) to adapt the design to the proposed substitute item and whether or not incorporation or use of the proposed substitute item in connection with the Work is subject to payment of any license fee or royalty. All variations of the proposed substitute item from that specified will be identified in the application, and available engineering, sales, maintenance, repair, and replacement services will be indicated. The application will also contain an itemized estimate of all costs or credits that will result directly or indirectly from use of such substitute item, including costs of redesign and claims of other contractors affected by any resulting change, all of which will be considered by Engineer of Record in evaluating the proposed substitute item. The Community Redevelopment Agency or Engineer of Record may require Contractor to furnish additional data about the proposed substitute item.

B. Substitute Construction Methods or Procedures: If a specific means, method, technique, sequence, or procedure of construction is shown or indicated in and expressly required by the Contract Documents, Contractor may furnish or utilize a substitute means, method, technique, sequence, or procedure of construction approved by Engineer of Record. Contractor shall submit sufficient information to allow Engineer of Record to determine that the substitute proposed is equivalent to that expressly called for by the Contract Documents. The procedure for review by Engineer of Record will be similar to that provided in subparagraph 13.3 (A)(2).

C. Engineer of Record's Evaluation: Engineer of Record will be allowed a reasonable time within which to evaluate each proposal or submittal made pursuant to paragraphs 13.3 (A) and (B). No "or-equal" or substitute will be ordered, installed or utilized until Engineer of Record's review is complete, which will be evidenced by either a Change Order for a substitute or an approved Shop Drawing for an "or-equal." Community Redevelopment Agency retains the right to accept or reject any proposed "or-equal" or substitution, regardless of the Engineer of Record's determination. The Engineer of Record will advise Contractor in writing of any negative determination.

D. Engineer's Cost Reimbursement: Engineer of Record will record time required by him in evaluating a substitute proposed or submitted by Contractor, pursuant to paragraphs 13.3(A)(2) and (B) and in making changes in the Contract Documents (or in the provisions of any other direct contract with Community Redevelopment Agency for work on the Project) occasioned by such action. Whether or not Community

Redevelopment Agency or Engineer of Record approves a substitute item so proposed or submitted by Contractor, Contractor shall reimburse Community Redevelopment Agency for the charges of Engineer of Record for evaluating each such proposed substitute.

E. **Contractor's Expense:** Contractor shall provide all data in support of any proposed substitute or "or-equal" at Contractor's expense.

ARTICLE 12.0 **MISCELLANEOUS PROVISIONS**

12.1 GOVERNING LAW; CONSENT TO JURISDICTION

The law of the State of Florida shall govern this Contract. This Contract is not subject to arbitration. The parties submit to the jurisdiction of any Florida state or federal court in any action or proceeding arising out of, or relating to this Agreement. Venue of any action to enforce this Agreement shall be in Broward County, Florida. The parties expressly waive all rights to trial by jury for any disputes arising from or in any way connected with this Agreement. The parties understand and agree that this waiver is a material contract term.

12.2 ATTORNEY FEES

Each party shall bear its own attorney fees for any litigation related to this Contract.

12.3 SUCCESSORS AND ASSIGNS

The Community Redevelopment Agency and Contractor respectively bind themselves, their partners, successors, assigns and legal representatives to the other party to this Contract. Neither party to the Contract shall assign the Contract or any portion of it without written consent of the other. If either party attempts to make such an assignment without such consent, that party shall nevertheless remain legally responsible for all obligations under the Contract.

12.4 WRITTEN NOTICE

Written notice shall be deemed to have been duly served if delivered in person to the individual or a member of the firm or entity or to an officer of the corporation for which it was intended, if delivered at or sent by registered or certified mail to the last business address known to the party giving notice or by facsimile transmission with proof of receipt.

12.5 RIGHTS AND REMEDIES

A. Duties and obligations imposed by the Contract Documents and rights and remedies available under them shall be in addition to and not a limitation of duties, obligations, rights and remedies otherwise imposed or available by law.

B. No action or failure to act by the Community Redevelopment Agency, Engineer of Record or Contractor shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval of or acquiescence in a breach under it, except as may be specifically agreed upon in writing.

12.6 TESTS AND INSPECTIONS

A. Tests, inspections and approvals of portions of the Work required by the Contract Documents or by laws, ordinances, rules, regulations or orders of public authorities having jurisdiction shall be made at an appropriate time. Unless otherwise provided, the Contractor shall make arrangements for such tests, inspections and approvals with an independent testing laboratory or entity acceptable to the Community Redevelopment Agency, or with the appropriate public authority, and shall bear all related costs of tests, inspections and approvals. The Contractor shall give the Engineer of Record timely notice of when and where tests and inspections are to be made so the EOR may observe such procedures. The Community Redevelopment Agency shall bear costs of tests, inspections or approvals that do not become requirements until after bids are received or negotiations concluded.

B. If the Engineer of Record, Community Redevelopment Agency or public authorities having jurisdiction determine that portions of the Work require additional testing, inspection or approval not included in the Contract Documents, the EOR will, upon written authorization from the Community Redevelopment Agency, instruct the Contractor to make arrangements for such additional testing, inspection or approval by an entity acceptable to the Community Redevelopment Agency, and the Contractor shall give timely notice to the EOR of when and where tests and inspections are to be made so the EOR may observe such procedures. The Community Redevelopment Agency shall bear such costs except as otherwise provided in this Contract.

C. If such procedures for testing, inspection or approval reveal failure of the portions of the Work to comply with requirements established by the Contract Documents, the Contractor shall bear all costs made necessary by such failure including those of repeated procedures and compensation for the Engineer of Record's services and expenses, and testing expenses.

D. Required certificates of testing, inspection or approval shall, unless otherwise required by the Contract Documents, be secured by the Contractor and promptly, in a technically appropriate time period, delivered to the EOR.

E. If the EOR is to observe tests, inspections or approvals required by the Contract Documents, the EOR will do so promptly and, where practicable, at the normal place of testing.

F. Tests or inspections conducted pursuant to the Contract Documents shall be made promptly, in a technically appropriate time period, to avoid unreasonable delay in the Work.

G. The Engineer of Record's first inspection shall be at no charge to the Contractor; however, the actual costs incurred by the City for any subsequent inspections shall be deducted from the final payment to the Contractor.

12.7 INTEREST

Payments due and unpaid under the Contract Documents shall bear **NO** interest from the date payment is due and are not subject to prejudgment interest, if any matter related to payment becomes an issue litigated between the parties.

12.8 COMMENCEMENT OF STATUTORY LIMITATION PERIOD

A. As between the Community Redevelopment Agency and Contractor:

1. **Before Substantial Completion.** As to acts or failures to act occurring prior to the relevant date of Substantial Completion, any applicable statute of limitations shall commence to run and any alleged cause of action shall be deemed to have accrued in any and all events not later than such date of Substantial Completion;

2. **Between Substantial Completion and Final Certification of Payment.** As to acts or failures to act occurring subsequent to the relevant date of Substantial Completion and prior to issuance of the final Certification of Payment, any applicable statute of limitations shall commence to run and any alleged cause of action shall be deemed to have accrued in any event not later than the date of issuance of the final Certification of Payment; and

3. **After Final Certification of Payment.** As to acts or failures to act occurring after the relevant date of issuance of the final Certificate for Payment, any applicable statute of limitations shall commence to run and any alleged cause of action shall be deemed to have accrued in any event not later than the date of any act or failure to act by the Contractor pursuant to any warranty provided under Paragraph 3.8, the date of any correction of the Work or failure to correct the Work by the Contractor under Paragraph 13.2, or the date of actual commission of any other act or failure to perform any duty or obligation by the Contractor or Community Redevelopment Agency, whichever occurs last.

12.9 SOLID WASTE

A. The Community Redevelopment Agency has granted to Community Redevelopment Agency's current contractor, an exclusive franchise for the collection, hauling and disposal of all solid waste, inclusive of construction debris.

B. The Contractor shall be obligated to use the Community Redevelopment Agency's solid waste franchisee. The Contractor may haul and dispose of solid waste only with persons directly employed by such franchise and only in vehicles clearly identified with signage as belonging to the franchise and registered in the franchise name, in accordance with applicable City of Dania Beach Code provisions.

WARRANTY BOND

KNOW ALL PERSONS BY THESE PRESENTS that _____, a _____ corporation, as Principal, and _____, a _____ corporation, existing under the laws of the State of _____, as Surety, and having complied with all of the requirements of the laws of the State of Florida regulating the admission of such corporation to transact business in this State as Surety, are held and firmly bound to the Community Redevelopment Agency (the "CRA") and Broward County, a political subdivision of the State of Florida, in the sum of _____ Dollars (\$_____) lawful money of the United States of America, for which sum to be paid to the CRA, as obligee, the Principal and the Surety do bind themselves, their heirs, executors, administrators, successors, or assigns respectively, as the case may be, jointly and severally by these presents.

WHEREAS, the CRA requires a Warranty Bond ("Bond") in the amount of ten percent (10%) of the actual cost of the Work; it is to be posted with the CRA upon acceptance of the Work by the CRA (the "Acceptance"); and

WHEREAS, in compliance with the Bond requirements, the Principal is required to furnish a good and sufficient bond from a surety company licensed to do business in the State of Florida conditioned upon the correction of all insufficiencies in design, workmanship and materials which are found within one year of the date of the Acceptance of the Work, the date of Acceptance being _____, 20__;

NOW THEREFORE, the condition of this obligation is such that if the Principal, its successors, legal representatives or assigns shall have paid all claims for the cost of correcting all insufficiencies in design, workmanship and materials discovered within one year of the date of Acceptance of the Work, then this obligation shall be void; otherwise, it is to continue in full force and effect.

Prior to the end of three hundred sixty-five (365) calendar days following the Acceptance of the Work warranted by this bond, the CRA's Executive Director or designee shall inspect it for final release. If the investigation reveals any insufficiencies, the Principal shall be notified in writing, that the Work is unacceptable.

The Principal and the Surety, jointly and severally, agree that the CRA shall have the right to correct insufficiencies in design, workmanship and materials in the event the Principal should fail or refuse so to do within ninety (90) days after written notice by the CRA Executive Director or designee and, pursuant to public advertisement and receipt and acceptance of bids, as may be required by law cause insufficiencies in design, workmanship and materials to be corrected. In such case, the Principal and Surety shall be jointly and severally liable under this Bond to pay to and indemnify the CRA upon the correction of insufficiencies in design, workmanship and materials, the final total cost of which includes, but is not limited to, engineering, legal and contingent costs together with any damages, direct or consequential, which CRA may sustain on account of the failure of the Principal to comply with all of the requirements of this Bond.

In the event the CRA receives a notice of cancellation of this Surety Bond and a substitute form of security is not received by the CRA within sixty (60) calendar days prior to the cancellation date, the PRINCIPAL shall be deemed in default and the provisions in this Bond shall apply.

Upon recommendation by the CRA's Executive Director or designee for final acceptance and upon compliance by Principal with applicable conditions, as stated above, the CRA's Executive Director or designee will then recommend to the CRA the release of this reduced bond.

IN WITNESS OF THE FOREGOING the above parties have executed this instrument by affixing their names and seals to it and caused their authorized representatives to sign this document on _____, 20____.
